Dear Friends,

It is very encouraging to see the support the Copper Ridge Conference Centre project has been receiving in the last few weeks and I want to say a big thank you to all our new donors.

At the same time I want to express my deep gratitude to the donors who have been supporting the project from the beginning. We have been able to accomplish so much over the past few years and it is exciting to think that we are now so close to starting construction.

I would like to review with you the overall goals and the next steps that need to be taken in order to begin construction in the next few weeks. We need to reach our minimum targets for both the capital campaign and the monthly campaign. Reaching the minimum threshold allows us to gain precious time and launch the construction while we continue the fundraising effort to reach our overall goals.

Our capital campaign target is \$6 million with a minimum threshold of \$4 million. Our monthly campaign target is \$13,000/month with a minimum threshold of \$10,000/month.

I am very happy to announce that we have reached the minimum threshold for the capital campaign. Congratulations to all of you!

For the monthly campaign, we are short of our minimum threshold by just \$1,500/month.

I am appealing to all of you and to your friends for an extra effort to help us bridge this gap. I am confident that we can achieve this before the end of June.

Please donate using the [donation card](#) or by visiting our [website](#).

It is thanks to your generosity and faith that over the course of this project we have been able to achieve one milestone after another - from purchasing a piece of raw land without access or services, to rezoning and creating a building design, to now having a building site with a well paved road, services and ready for construction.

I am very grateful for your ongoing support and count on your prayers for the success of this project.

Best regards,

Fadi
